

Synopsis
Raw Water Storage Impoundment (RWSI)
Savannah Harbor Expansion Project (SHEP)
W912HN-15-R-0001

NAICS: 237990

SIC: 1629

Size Standard: \$36.5M

This synopsis is for the Raw Water Storage Impoundment (RWSI), Savannah Harbor Expansion Project (SHEP). This acquisition is being offered as Full and Open Competition and will result in a Fixed Price Contract Award. The construction magnitude for this project is between \$25,000,000 and \$100,000,000.

Description of Work: The Savannah Harbor Raw Water Storage Impoundment Project involves placement of an earthen dike approximately **3,400** feet in length, with a maximum height of **29** feet, and a total material volume of approximately **440,000** cubic yards. It includes clearing and grubbing, construction of access roads, hauling fill material, placement of an HDPE liner, associated piping and valves, a mechanical mixing system, 4- 500 hp 21 mgd pumps with VFDs and cans, a 1 MW generator with fuel storage, a pump station and electrical building, electrical service, instrumentation, a powdered activated carbon system with a silo and feed equipment, groundwater well, hydropneumatic tank, and fencing of the entire facility. Influent and effluent pipelines will be required between the impoundment and the existing City of Savannah water lines. Some instrumentation and controls will be located at the City of Savannah Water Plant in Port Wentworth. Monitoring gages will be installed in various locations. Once the RWSI construction is completed, the facility is to be turned over to the City of Savannah for operations and maintenance.

Evaluation Criteria: The Government will utilize a Best Value Lowest Price Technically Acceptable (LPTA) Methodology in rendering the best value decision for award of this contract. Only the Offeror whose proposal provides the best overall value to the Government will be awarded the contract. The evaluation factors for this solicitation and evaluation process are as follows:

Non-price Factors:

Factor 1: Past Performance

Factor 2: Corporate Relevant Specialized Experience

Award will be made to the Offeror whose technical and price proposal is technically acceptable and represents the lowest price for the requirement requested, thereby offering the best overall value to the Government. Proposals shall include sufficient detailed information to allow complete evaluation. The Government reserves the right to reject any and all offers. Offerors are reminded that while the Government may elect to

consider data obtained from other sources, the burden of proof of acceptability rests with the Offeror.

NOTE: This solicitation will be issued in electronic format only and is anticipated to be available on or about August 05, 2015. Please note that the proposal opening date will be specified in the solicitation when issued. No additional media (CD-ROM, floppy disks, faxes, etc.) will be provided. Any prospective Offeror must register in the System for Award Management (SAM) at <https://www.sam.gov>. After completing SAM registration, interested Contractors and their subcontractors must then register at <https://www.fbo.gov> in order to obtain solicitation documents, plans and specifications for this solicitation. Contractors that have an existing account should be able to use their existing logins to search for the solicitation number once it is released at www.fbo.gov. It is the Offeror's responsibility to check the Internet address provided as necessary for any amendments that may be posted to this solicitation. Paper copies of this solicitation will not be available. Other methods of requesting a package will not be honored. Contractual Questions should be forwarded to Contract Specialist, Shannon Anthony at Shannon.D.Anthony@usace.army.mil or to the attention of Contracting Officer, Bruce Helms at Bruce.A.Helms@usace.army.mil. The contracting office address is 100 West Oglethorpe Avenue, Savannah Georgia, 31401.
